

# Flu vaccines now available!

Pavilion Pediatrics recommends that all children 6 months and older get an annual flu vaccine. During the winter months, transmission of the flu is expected to rise.

We are offering in office appointments for Flu Vaccines for both patients and parents/guardians of Pavilion Pediatrics. Please call our office to schedule your Flu Vaccine appointment at (410)583-2955.

Flu Vaccines can also be given during in office well visits. Please let our staff know you would like to receive the Flu Vaccine when you arrive for your appointment.
